

EVERY DAY IS A CHANCE TO REBUILD.

Discipline. Purpose. Action. Not theory from the summit — the pattern, taught from the climb.

WHO HE IS

Mike Fortin is a keynote speaker based in Salt Lake City, Utah. He built staffing, recruiting and headhunting companies — some that scaled, and some that failed outright. He made a living in Hollywood as an actor, cinematographer and director of photography, and founded **CineDrones** in an aerial cinematography industry that barely existed a decade earlier. In 2024 he covered a presidential campaign as credentialed press.

He reached **330 pounds** and took eighty of them off — no program, no coach, one hour six days a week.

He's rebuilding again right now, in public. That's exactly why rooms believe him.

EVERY DAY IS A CHANCE TO REBUILD

Discipline. Purpose. Action. What to do when the plan you built your life on stops working. 45–60 min. Flagship.

NO ZERO DAYS

The performance standard that survives bad quarters, bad markets and bad moods. Sales & high performance.

BUILT TO BE DISRUPTED

Leading people through the collapse of the old model. Leadership.

WHAT YOUR AUDIENCE WALKS OUT WITH

- Three inputs they actually control — and the first move inside each one.
- One non-negotiable standard, written and committed to in the room.
- Permission to stop pretending failure disqualifies them.

RIGHT FOR

Sales kickoffs · Annual conferences · Leadership summits · Entrepreneur and founder events · Real estate, mortgage & insurance · Associations · High-performance teams · Men's events

THE MISSION

Most people live under a ceiling they built themselves and never went back to check — set during one bad year, and called “being realistic” ever since.

Mike's job is to get them to look up, show them the real number, and hand them a sequence simple enough that there's no excuse left.

EASY TO WORK WITH, ON PURPOSE

- Career production professional — he knows call times, run of show, and that your AV team is the real boss.
- Pre-event call plus interviews with three attendees. Their language ends up in the talk. Included.
- Lav or over-ear mic, clear stage, no lectern. Slides optional — the talk works without them.
- Brings his own crew and shares the full event edit with you at no cost.
